

1. SHOWtime is a game of skill, for active account holders ONLY. The object of SHOWtime is to select one [1] entry that will officially finish first, second, or third in the corresponding races. Official race results serve as the order of finish.
2. Entrants who correctly select an entry to finish first, second or third in each participating race, move on to the next race. Contestants who choose a successful show entry in all participating races will qualify for 1st/2nd/3rd place prizes. Accumulative show pricing on all successful entries decides the top three finishers in SHOWtime. Account holders MUST have wagering activity through their account on the day of this contest to qualify for any prizes.
3. Entrants who fail to correctly select a horse to finish first, second or third in any participating races are eliminated from the contest. Contestants who leave an entry blank on any field will be eliminated from the contest. If show wagering is not offered, entries MUST still finish 1st, 2nd, 3rd to advance to the next race, but no pricing will apply for that leg of the contest.
4. The deadline to enter selections is 30 minutes prior to the first (contest races) race post time. In the event that your selection is scratched, you will be awarded the morning line favorite in that respective race.
5. In the event that a contestant selects an entry prior to the selection being announced as a scratch or as a non-starter for pari-mutuel wagering purposes or a contestant's selection is a scratch or declared a non-starter for pari-mutuel wagering purposes at any point, the contestant will receive the morning line favorite in that respective race. If the post time favorite is a coupled entry, the contestant receives the entire entry and is credited with the best result of the horses that make up that entry.
6. In the event that a contestant selects a horse that is part of a coupled entry or mutuel field, each of the entries fall under that selection. Therefore, either of the selected entries must finish first, second or third for the contestant to remain eligible in the contest.
7. All SHOWtime contests will feature New York based racing in at least 50% of the participating entry fields. In the event of a cancellation, the contest also ends and all selections are voided. All prizes will be carried over to the next online SHOWtime contest. In the event of a tie of total show pricing for successful participants, winners will be decided by the order (date/time) they submitted their selections, and prizes will be awarded in that order (IE – earliest submission/s will be awarded 1st, 2nd, 3rd place finish).
8. In the case of a dead heat, official race results will determine if an entrant's selection finished first, second or third. (Example: If there is a two-horse dead heat for show, a minimum of four horses would be declared successful in meeting the contest requirement of finishing first, second or third). Disqualified entries are eliminated from competition
9. If no individual entrant successfully chooses a show horse for each race in the contest, nothing is awarded and contest prizes are carried over to the following online contest.
10. Any effort to submit multiple selections under an assumed name or account number, or to otherwise defraud this contest subjects contestants to immediate elimination. All monies are awarded as Rewards dollars, and must be wagered. All decisions by are final and binding in all respects.
11. Winners will be announced on the following business day, and will be notified by email.
